

How to use Reproductive health module in the Core Registry

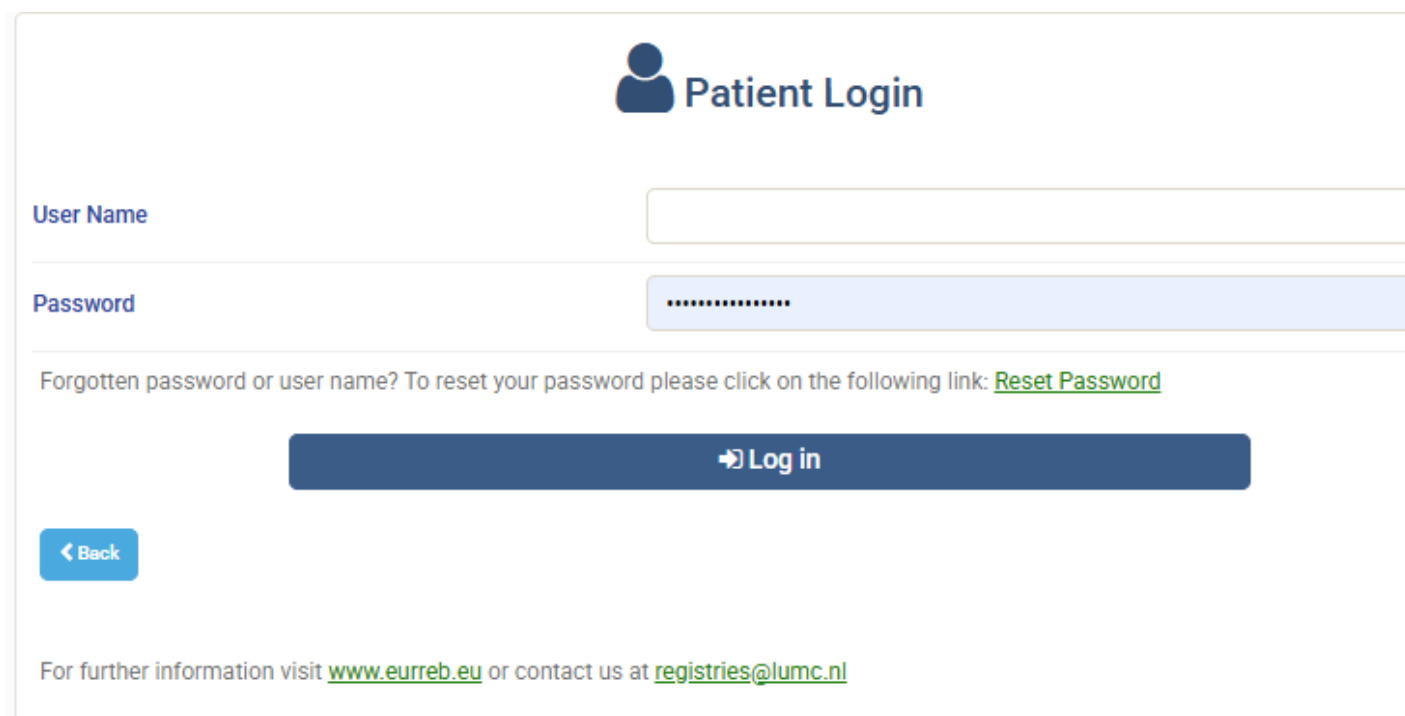

EuRREB

European Registries for Rare
Endocrine and Bone conditions

Login to the Core Registry

Login to the Core Registry via this [page](#) or via [our website](#) and fill in your credentials (username is your e-mail). You can reset password anytime

Patient Login

User Name

Password

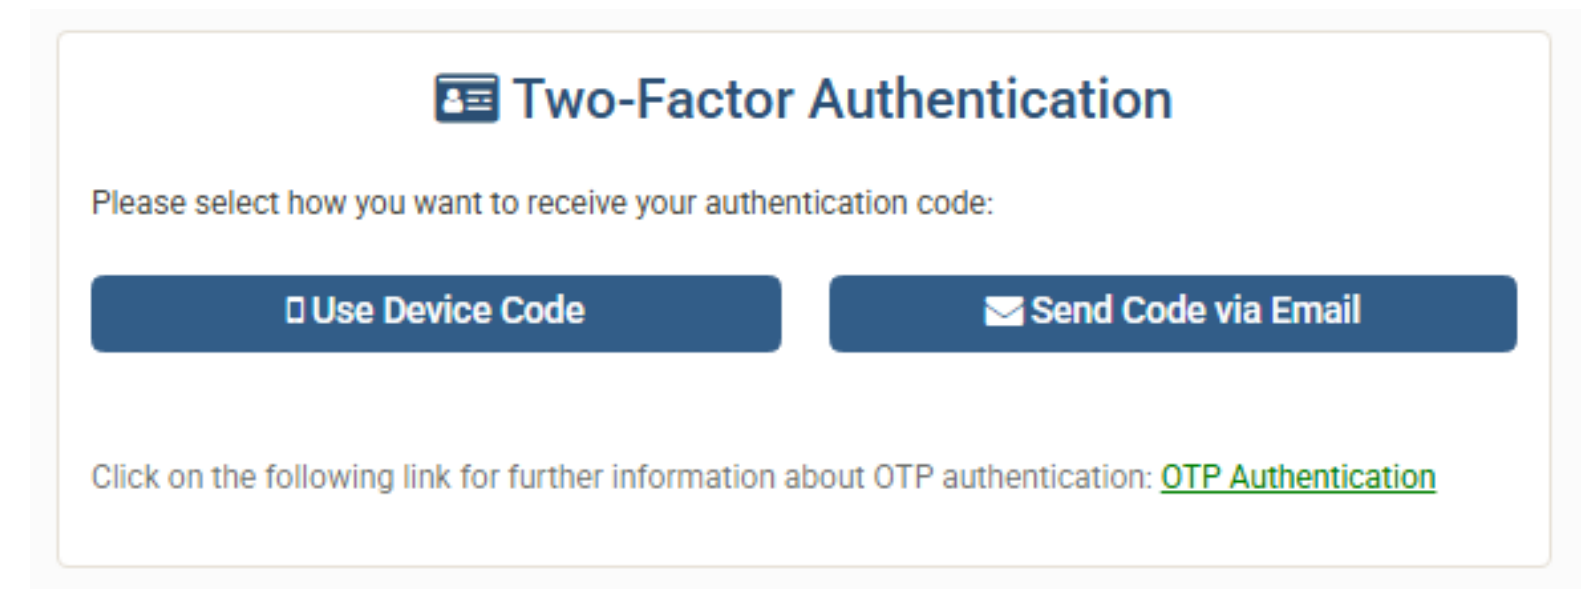

Forgotten password or user name? To reset your password please click on the following link: [Reset Password](#)

[→ Log in](#)

[← Back](#)

For further information visit www.eurreb.eu or contact us at registries@lumc.nl

Choose how you want to receive your authentication code: mobile device or email

Two-Factor Authentication

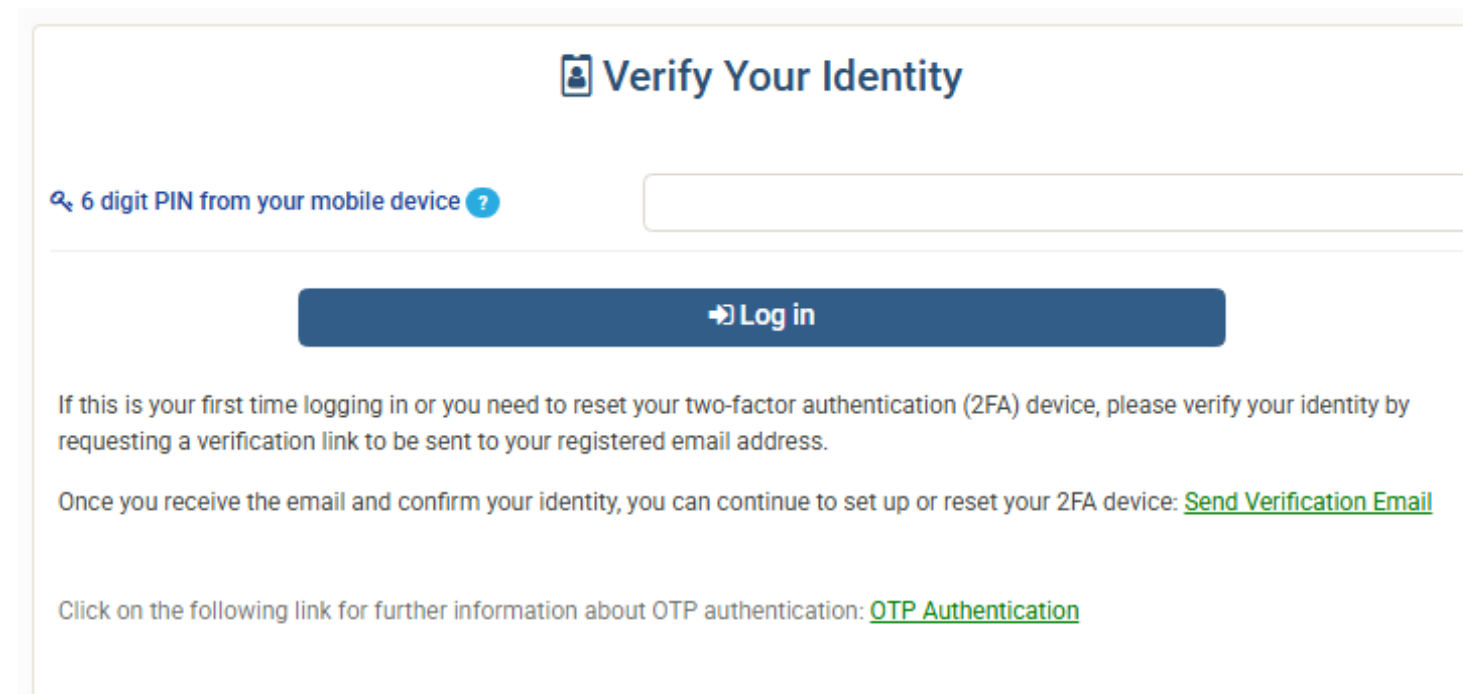

Please select how you want to receive your authentication code:

[Use Device Code](#) [Send Code via Email](#)

Click on the following link for further information about OTP authentication: [OTP Authentication](#)

Enter the 6-digit PIN you received by either method. If using your mobile device, you will need to request a verification email before logging in for the first time or for resetting your 2FA

Note: you receive an invitation to the platform via your e-mail, after your clinician entered information about you in the registry

Verify Your Identity

6 digit PIN from your mobile device

[→ Log in](#)

If this is your first time logging in or you need to reset your two-factor authentication (2FA) device, please verify your identity by requesting a verification link to be sent to your registered email address.

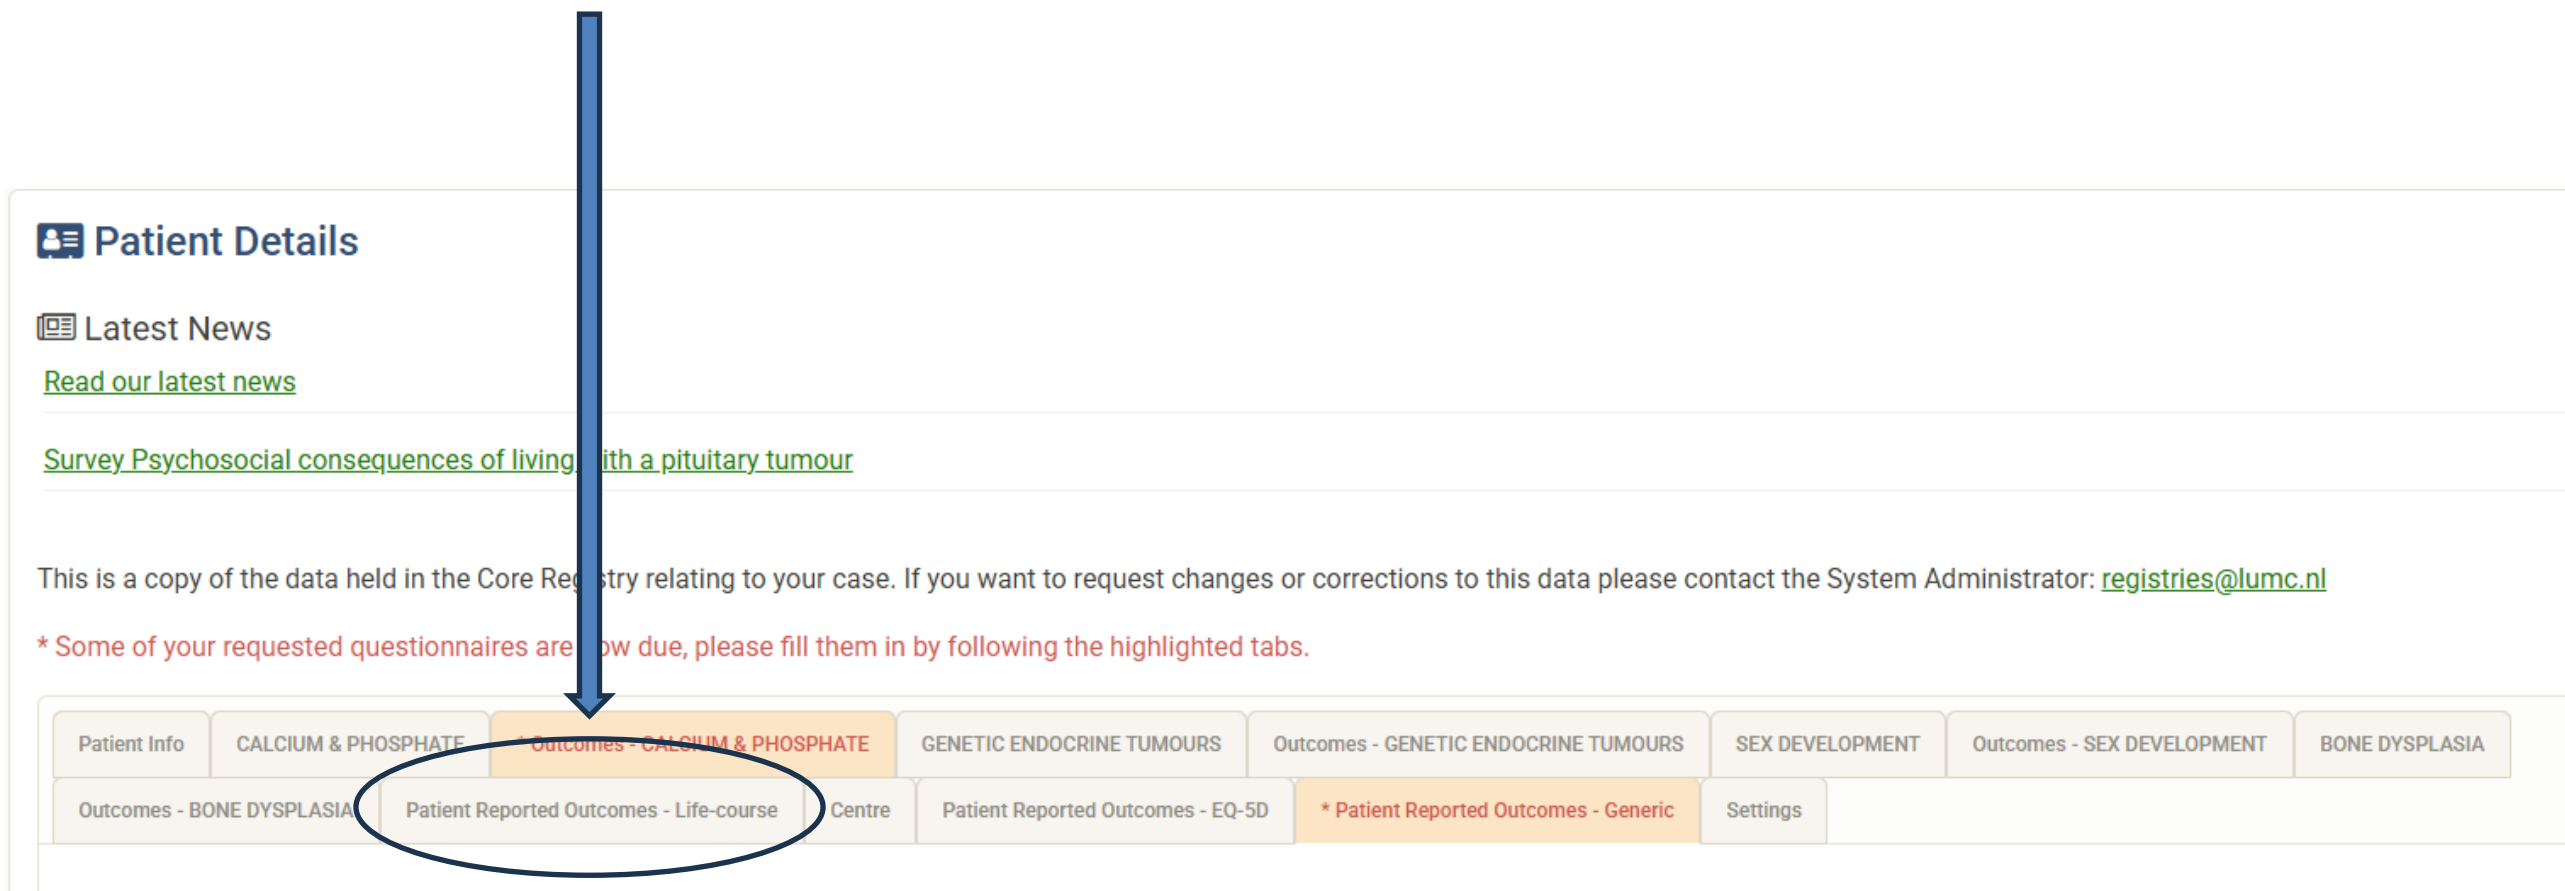

Once you receive the email and confirm your identity, you can continue to set up or reset your 2FA device: [Send Verification Email](#)

Click on the following link for further information about OTP authentication: [OTP Authentication](#)

How to use the module

After you login go to the section “Patient Reported Outcomes – Life course”

The screenshot shows a patient portal interface. At the top left, there is a 'Patient Details' section with a user icon. Below it is a 'Latest News' section with a link to 'Read our latest news' and a link to 'Survey Psychosocial consequences of living with a pituitary tumour'. A notice states: 'This is a copy of the data held in the Core Registry relating to your case. If you want to request changes or corrections to this data please contact the System Administrator: registries@lumc.nl'. A red asterisk note says: '* Some of your requested questionnaires are now due, please fill them in by following the highlighted tabs.' Below this is a horizontal row of tabs. The tabs are: 'Patient Info', 'CALCIUM & PHOSPHATE', 'Outcomes - CALCIUM & PHOSPHATE', 'GENETIC ENDOCRINE TUMOURS', 'Outcomes - GENETIC ENDOCRINE TUMOURS', 'SEX DEVELOPMENT', 'Outcomes - SEX DEVELOPMENT', 'BONE DYSPLASIA', 'Outcomes - BONE DYSPLASIA', 'Patient Reported Outcomes - Life-course', 'Centre', 'Patient Reported Outcomes - EQ-5D', '* Patient Reported Outcomes - Generic', and 'Settings'. A blue arrow points from the text above to the 'Patient Reported Outcomes - Life-course' tab, which is circled in black. The 'Outcomes - CALCIUM & PHOSPHATE' and '* Patient Reported Outcomes - Generic' tabs are also highlighted in orange.

How to use the module

Press on "Show All" and choose "Reproductive health questionnaire" and press one "New outcome"
